- 7. You need to make a presentation on the various methods of reducing traffic in busy roads. Prepare three slides based on the information given below

You can cut down on your time spent with your car idling in slow traffic by driving when there are less vehicles on the road. Try to schedule trips to the bank and works such as grocery shopping during afternoon hours when there is less rush. Carpooling is a great way to get to and from work. You won't always have to drive and each person can take turns driving. This saves the wear-and-tear caused to your vehicle and reduces your car maintenance costs. Before you go on any trip, plan out your route so that you can avoid any traffic jams. There are numerous apps available on your smart place that will tell you whether there is any traffic congestion. Depending more on public transport facilities can help you reach your destination on time. This will in turn reduces the amount of traffic on the roads.
