(5 × 6 = 30)

PART — C

(Maximum marks : 60)

(Answer *one* full question from each unit. Each full question carries 15 marks.)

UNIT — I

- III (a) Explain command-line argument with example. 8
(b) Distinguish between abstract class and final class. 7

OR

- IV (a) Explain the features of OOP. 8
(b) Describe how a method inside a class invoked. 7

UNIT — II

- V (a) Explain different visibility modes in java. 8
(b) Compare interfaces and classes. 7

OR

- VI (a) Write a java program to demonstrate abstract classes and methods. 8
(b) Explain method overriding with example. 7

UNIT — III

- VII (a) Explain synchronization related to multithreading. 8
(b) Explain the steps to create a package with example. 7

OR

- VIII (a) Illustrate hiding of classes from outside the package with example. 7
(b) Explain the life cycle of a thread. 8

UNIT — IV

- IX (a) Explain exception handling and the tasks incorporated with exception handling. 8
(b) Explain the Applet life cycle. 7

OR

- X (a) Illustrate the use of FileWriter and FileReader classes for copying characters from one file to another. 10
(b) Illustrate the use of multiple catch statement with example. 5
-
